

Technical drawing of a roof plan. The roof is divided into four sections by vertical lines. Each section is labeled with a 2% slope, indicated by a red arrow pointing right. The roof is supported by a series of vertical columns. A dashed line runs horizontally across the middle of the plan. The drawing is labeled with '0' at the bottom left corner.

⑧ KM 0.1 + 43.20

A cross-section diagram of a roof structure. The roof is supported by a wall on the left and a series of columns on the right. The roof slope is indicated by arrows and percentages: 1% on the left and 2% on the right. A dashed line represents the internal structure or insulation layer. The diagram is labeled with '0' at the bottom left.

⑨ KM 0.1 + 63.10

A cross-section diagram of a road. The road surface is shown with a 1% crown (sloping down from the center to the left) and 2% side slopes (sloping down from the center to the right). The road is bordered by a wall on the left and a ditch on the right. The diagram is labeled with '1%' and '2%' indicating the slopes.
